

55th Annual NATIONAL SHORT TRACK CHAMPIONSHIPS

one great racing weekend!

October 2, 3, 4, 2020

WELCOME!

Thank you for supporting the granddaddy of all year-end specials - the NATIONAL SHORT TRACK CHAMPIONSHIPS!

From the first National Short Track Championship in 1966, this event has been something special. NSTC was the first year-end, open competition late model event in the country. Throughout the past fifty-four versions, the support of the competitors, fans, sponsors and staff continue to push this event to new heights.

This weekend is packed full of racing, food, fun and excitement and we hope you spend it with us! We encourage overnight parking! Enjoy the great food and don't forget the many Miller products, mixed drinks or Pepsi Cola soda options to wash it all down. With ten divisions battling it out for the NSTC victory eagle, the action is sure to keep you on the edge of your seat!

We are thankful for your patronage. If there is anything we can do to make your weekend more enjoyable, please let one of our great staff know. Let's make it "One Great Racing Weekend!"

NSTC 2020 - general race information

TRACK INFO: Rockford Speedway is a high banked 1/4 mile (.29167) paved oval.

PURSE PAY OUT: Winnings for Super Late Model, Big 8 Late Model Series and Hobby Stock events are mailed by Rockford Speedway within 72 hours after the completion of Sunday's events.

Late Models, Sportsmen, American Short Trackers, Bandits, & RoadRunners will be paid Friday night in the Miller Lite Pavilion after all events and technical inspections are completed. Purse distribution for the Midwest Dash and Mid-Am Stock Car Series will be paid by the sanctioning body, guaranteed by Rockford Speedway. Purse shall not exceed 105% of front gate proceeds proportionally to the series total payoff. The E. I. R. I. (except in rare instances) rule will be in effect. Events will be paid only if they are completed as determined by the Series and Rockford Speedway management.

REGISTRATION: Car numbers will be assigned by date in which they are postmarked, faxed or emailed with payment. Duplicate car numbers may require differentiation by adding an additional number or letter. Drivers may only be registered for one division per day, per car.

TRANSPONDERS: Transponders are **MANDATORY** and must be on every car before they are allowed to enter the race track. Transponders are available for rent at the Pit Tower - 1 day: \$15, 2 days: \$25, 3 days: \$30.

RADIOS & SPOTTERS: Track Frequency: 454.0000 **ALL DIVISIONS are required to monitor this frequency.** 2-Way Radios are allowed for Super Late Models, Big 8 Series, Mid Am and Late Models, **however**, crew and/or driver **MUST** also monitor Race Control at all times while their car is on the track. Divisions allowed to have radios are required to have a Spotter. Spotters are required to assemble for each race at a designated spotter area, which will be announced at the Driver's Meetings. All spotters must be identifiable by car number.

TIRES/FUEL: Hoosier Racing Tires (all divisions except SLM) will be available in the Pit Tire Barn. Super Late Model tires will be at the tire truck near the cross-over gate. Bring fuel. Racing fuel is not available at the track.

QUALIFYING ORDER, LINE UPS, RESTARTS: Cars will be lined up by qualifying, points, a draw system or practice times. When possible, all races will be pre-staged in pits between the track entrance and exit. Line up when called and be ready to go.

The choose cone will be used for all relines. The leader will restart alone out front with each car choosing to line up in the low line or high line. All lead lap cars which remain on the race track will be allowed to choose. Lapped cars, cars involved in the caution and cars rejoining from the pits, in that order, will fall in at the end of the longest line.

Rockford uses a "fault", "cause of" or "involved in" on yellow flags, and will send the car(s) to the rear. Any car causing **two** yellow flags in a race will be sent to the pits. The Tap Out rule will be utilized.

A time limit may be established for each event, generally one minute per lap.

DRIVER SWAP: In order to conduct a driver swap, the original car must be withdrawn from all future events. The car to which the original driver is going must be a qualified car. The new car will forfeit starting positions and new car/driver combo must start at the rear of qualifying races. If the new car is qualified for the feature event, new car/driver combo must run last chance race. Last chance race will transfer one additional car into the feature event. The driver's tire bank must follow the driver.

WEATHER & OTHER UNFORESEEN ISSUES: We will do what we can to get the entire race program completed. We may need to alter, cancel, run an alternative date or reschedule for 2021 if the weather or forecast is not conducive to run a safe race program. All events are subject to alterations, deletions, corrections, additions, or simple changes due to factors over which we have no control. We reserve the right to start events earlier or later than scheduled.

- Camping is NOT ALLOWED in the pit area.

2020 PIT PARKING

- **Please work with the officials, be patient and be flexible.**
- Teams will be parked in designated areas when arriving at the Speedway. You will be directed and escorted to your area.
- **Spots may not be "saved."** If you want to park next to someone, ARRIVE AT THE SAME TIME. If you have more than one car, they must be parked at the same time to assure adjoining parking.
- Once practice has begun for that night's events, teams not competing that night will be parked after the races are complete. PLAN AHEAD!
- You may have to drop the trailer or truck. If your power source is part of the towing vehicle, plan ahead. They may be disconnected.
- Reserved spots for the top 10 in Big 8 points, top 10 Rockford LM and first 30 Super Late Model entries.
- Divisions (**except** Hobby Stocks and Mid American Series) will be allowed to "drop" trailer or tow vehicle in assigned pit for the entire weekend.
