

# 56th Annual NATIONAL SHORT TRACK CHAMPIONSHIPS

one great racing weekend!

**October 1, 2, 3, 2021**

## Welcome!

From the first National Short Track Championship in 1966, this event has been something special. NSTC was the first year-end, open competition late model event in the country. Many familiar names in racing - Allison, Petty, Earnhardt, Trickle, Shear, Bickle, Martin, Wallace have crossed the 74 year old finish line of Rockford Speedway - and you will share that experience with them. **You are part of the history of Rockford Speedway.**

Big changes are in store this year! For the first time ever, the **Big 8 Late Model Series** Stars & Cars compete in the premiere 188 lap feature event on Sunday! The Super Late Models will shine under the lights Saturday night in the **Rich Bickle Super Late Invitational** - 16 drivers will compete in twin 45 lap features as a salute to Rich's retirement. Another "first" in 2021 - the 602 Late Models will hit the high banks of "The Rock". It will be **"One Great Racing Weekend!"**

We look forward to spending the weekend with you. With 14 divisions battling it out for the NSTC victory eagles, the action is sure to keep you on the edge of your seat! Thank you for supporting the **56th NATIONAL SHORT TRACK CHAMPIONSHIP!** If there is anything we can do to make your weekend more enjoyable, please let one of our great staff know.

*The Deery Family and Rockford Speedway Staff*

# NSTC 2021 - one great racing weekend!

**TRACK INFO:** Rockford Speedway is a high banked 1/4 mile (.29167) paved oval.

**PURSE PAY OUT:** Winnings for Big 8 Late Model Series, Super Late Models, 602 Late Models and Hobby Stock events are mailed by Rockford Speedway within 72 hours after the completion of Sunday's events.

Late Models, American Short Trackers, Bandits, RoadRunners & Sixers will be paid Friday night and Sportsmen will be paid Saturday night in the Miller Lite Pavilion after all events and technical inspections are completed. Purse distribution for the Midwest Dash and Mid-Am Racing Series, Super Cups & Vintage Series will be paid by the sanctioning body, guaranteed by Rockford Speedway. Purse shall not exceed 105% of front gate proceeds proportionally to the series total payoff. The E. I. R. I. (except in rare instances) rule will be in effect. Events will be paid only if they are completed as determined by the Series and Rockford Speedway management.

**REGISTRATION:** Car numbers will be assigned by date in which they are postmarked, faxed or emailed with payment. Duplicate car numbers may require differentiation by adding an additional number or letter. Drivers may only be registered for one division per day, per car.

**TRANSPONDERS:** Transponders are **MANDATORY** and must be on every car before they are allowed to enter the race track. Transponders are available for rent at the Pit Tower - 1 day: \$15, 2 days: \$25, 3 days: \$30.

**RADIOS & SPOTTERS:** Track Frequency: 454.0000 **ALL DIVISIONS are required to monitor this frequency.** 2-Way Radios are allowed for Big 8 Series, Super Late Models, Mid Am and Late Models, **however**, crew and/or driver **MUST** also monitor Race Control at all times while their car is on the track. Divisions allowed to have radios are required to have a Spotter. Spotters are required to assemble for each race at a designated spotter area, which will be announced at the Driver's Meetings. All spotters must be identifiable by car number.

**TIRES:** Hoosier Racing Tires (all divisions except SLM) will be available in the Tire Room. Super Late Model tires will be at the tire truck near the cross-over gate.

**FUEL:** Racing fuel is not available at the track.

**QUALIFYING ORDER, LINE UPS, RESTARTS:** Cars will be lined up by qualifying, points, a draw system or practice times. When possible, all races will be pre-staged in pits between the track entrance and exit. Line up when your division is called and be ready to go.

The choose cone will be used for all relines. The leader will restart alone out front with each car choosing to line up in the low line or high line. All lead lap cars which remain on the race track will be allowed to choose. Lapped cars, cars involved in the caution and cars rejoining from the pits, in that order, will fall in at the end of the longest line.

Rockford uses a "fault", "cause of" or "involved in" on yellow flags, and will send the car(s) to the rear. Any car causing **two** yellow flags in a race may be sent to the pits. The Tap Out rule will be utilized. A time limit may be established for each event, generally one minute per lap.

**DRIVER SWAP:** In order to conduct a driver swap, the original car must be withdrawn from all future events. The car to which the original driver is going must be a qualified car. The new car will forfeit starting positions and new car/driver combo must start at the rear of qualifying races. If the new car is qualified for the feature event, new car/driver combo must run last chance race. Last chance race will transfer one additional car into the feature event. The driver's tires must follow the driver.

**WEATHER & OTHER UNFORESEEN ISSUES:** We will do what we can to get the entire program completed. We may need to alter, cancel, run an alternative date or reschedule for 2022 if the weather or forecast is not conducive to run a safe race program. All events are subject to alterations, deletions, corrections, additions, or simple changes due to factors over which we have no control. We reserve the right to start events earlier or later than scheduled.
